

News of Columbia Society

(Miss Ella Wyatt, society editor, will appreciate it if you will telephone society items between 9 and 12 o'clock. Telephone 274.)

The number thirteen can really mean more than an unlucky contribution of the evil powers cast down on mere human beings to arouse disgust, sadness or general misfortune. There are thirteen women in Columbia society who are members of the Calvary Service Guild of the Episcopal Church, and who are preparing to entertain over one hundred town and University persons at their Spring Dance Friday evening at the Daniel Boone. "Everybody is Going, Why Not You?" should be the title attached to the announcement of the dance, but if each one knew about the clever favors to be given to the guests and—oh, yes, those five beautiful feature dances—be or she would not care to be among the absentees. The evening will be filled with surprises—not a word about the exact material, color nor designs of the favors will be revealed. The guild met this afternoon with Mrs. E. Sidney Stephens and seven or eight—oh, otherwise constructed—big, little and medium sized articles. Those present were: Mrs. Florence Kline, Mrs. J. O. Hockaday, Mrs. J. P. McBaine, Mrs. Charles W. Dinges, Mrs. Dan G. Stone, Mrs. Guy L. Noyes, Mrs. Paul V. Kellogg, Mrs. Sidney Calvert, Mrs. Frank Dearing, Mrs. Leslie Green, Mrs. R. J. Kerner and Mrs. Lloyd Jones.

LaRoe, and Mrs. M. F. Miller, Prof. and Mrs. Leonard Haseman, Mr. and Mrs. Charles A. Helm, Mr. and Mrs. T. S. Townsley, Dr. and Mrs. S. Backus, Prof. and Mrs. Krueger, Miss Louise Stanley and G. W. NEW DOG LAW IN MISSOURI
State Legislature Passes Measure for Counties to Adopt.

The farmers of Boone County have quite a range of opinions as to the advisability of the new Missouri Dog Law, which has passed the Legislature as Bill No. 219. A majority of those questioned believe the law a good thing, but almost all find some objection to it.

The law, which is optional for adoption by each county, provides an annual tax of \$1 on male dogs and \$3 on female dogs. The funds, with the exception of 10 cents to the county clerk, go to the roadgrading fund, to be used on roads receiving neither state or federal aid. The purpose of the law is to reduce the number of worthless curs, and at the same time to promote and protect the sheep industry.

Most of the farmers who were questioned do not believe the law would pass, although they think it a worth while piece of legislation. Some say the people would prefer to vote it down, rather than pay the tax. Others say that it would not be enforced, and therefore only some would pay the tax, while many would not. The majority of the farmers do not think any of the funds would reach the roads. One man who had graded roads was radically opposed to the bill. He said that the road graft

was bad enough now, and that it was just a scheme for more money. Practically all farmers think it worth while to reduce the number of dogs on the farm as well as in the city.

FOREST FIRES AVOIDABLE

Tremendous Loss in U. S. Due to Inadequate Protection.

WASHINGTON, April 11.—Forest fires, sweeping over 56,488,307 acres of land in 45 states, caused damage amounting to \$95,715,747 during the five years from 1916 to 1920, inclusive, according to information made public today by the Forest Service of the United States Department of Agriculture. A total of 160,318 forest fires occurred during this period. Minnesota was the chief sufferer, its loss being \$30,895,868.

The bulletin containing this information is a special edition of "Safeguarding America Against Fire," issued for the federal and state forest services by the National Board of Fire Underwriters. It presents a survey of the country's forest fire situation, and points out that the major portion of the damage to America's forest reserves is preventable. Railroad causes the largest number of fires.
